THE GREAT ENCHANTER.

Sleep makes us all pashas.—[Bedouin Proverb.

Sleep is the poor man's warmest cloak;
His treasure to dispense
His lavish alms, and turn to gold
His scanty pence!

He heals the sick man in a dream,
And sets the fettered free;
He calls the beggar from his den
To golden luxury.

He crowns the hounded exile king,
Reverses Fate's decrees;
And bids the briefless Pleader rise
Judge of the Common Pleas.

Sleep joins the parted lovers' hands,
Wreathe the starved poet's brow;
And calls the hero still unknown
From lonely village plough.

Sleep holds the resurrection keys,
And from his shadowy plain,
Down Memory's long and cloudy vaults,
The dead come back again.

Sleep comes, like death, alike to all—
Divine equity!
Blesses the monarch in his state,
The slave upon the sea.

Sleep brings our childhood back again,
The only Golden Age:
Sleep! O thou blessed alchemist,
Thou holy Archimage.

EXCITING AFFAIR AT WINTHROP, IOWA.

Last Saturday, a highly exciting affair came off at the little railroad station of Winthrop, which came near resulting in the death of one of the parties. An infuriate father and a gay young Lothario were the main actors in the scene, and the cause of the disturbance originated in the following manner:

The father is a prosperous, well-to-do farmer, who resides in the vicinity of Buffalo Grove, and is a useful, influential citizen. Among his fair complement of worldly goods, he rejoices in the proprietorship of a large family of children, and among these is a daughter, whom he regards with more than ordinary affection. This daughter is beautiful and accomplished, sings like an angel, waltzes like a fairy, and combines a sweetness and amiability of temper that renders her the pet of the household.

As may be imagined, the farmer was justly proud of his daughter, and watched over her footsteps with zealous care. Of course she was favored with many suitors, and among the rest a young man from the Meyers settlement, who first met the fair girl one evening at a party. The sight of her beauteous form at once kindled the flames of passion in his breast, and he swore a great oath that she should be his. From this time their acquaintance commenced. The young man was of good family and bore a good reputation throughout the neighborhood, and the doting father thinking only of his daughter's happiness, considered the match an eligible one and threw no obstacle in the way of the lovers. Horses and carriages were at the young man's disposal; his doors were open for him at all hours, and for the lovers the kitchen fire gleamed brightly Sunday nights With such favorable surroundings love sped with the velocity of a railroad car. The old story was repeated. The girl, believing that her lover was sincere in his motives, soon allowed him to take improper liberties with her person, and finally, under a solemn promise of marriage, she was seduced. After he had accomplished his purpose the wretch soon grew tired of his victim, and irregular in his visits, and, with the prospect of her soon becoming a mother deserted her entirely. To add insult to injury, he soon commenced paying his attentions to another young lady, and actually married her, settling down in the same neighborhood in which the young lady resided that he had so cruelly injured.

The situation of the young lady of course excited the deepest indignation on the part of her friends, but all might have been smothered over and forgotten, had not her base seducer commenced boasting over the ruin he had wrought. This maddened the father, and he swore revenge. While at Winthrop, last Saturday, he discovered the object of his hate standing upon the sidewalk. Without a word of warning he drew a revolver from his pocket, and bringing it to bear upon the seducer, would certainly have sent him to his long account had not some bystander near by rushed upon and disarmed him. As for the seducer he at once took to his heels and has not been seen or heard of since. A proper regard for his personal safety will undoubtedly prompt him to give the town of Winthrop a wide leeway hereafter, as the farmer avers he will shoot him down on sight.—*Dubuque Herald*, April 17th.

SOLD HIS WIFE.—It is stated by the Chambersburg *Repository*, as a veritable fact that Paul Disong, of Belfast township, Fulton county, Pa, recently sold his wife and children to a churn peddler named James Wilson, for the sum of $17, in cash, or approved country produce. The *Repository*, publishes the written agreement of the parties to that effect,

AMERICAN INSTITUTE

NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

SATURDAY, MAY 25, 1867.

JOB WORK.—The ENQUIRER is now prepared to execute every description of Job-work at reduced rates. Having superior facilities we are enabled to turn out work unsurpassed by any office in the State. Our friends will please take notice.

THE RIGHT SPIRIT.—The following we find in the Meadow Lake *Sun* of the 18th, and commend it to the perusal and consideration of our readers. The principles advocated by the members of the party for the past are as right and just to-day as they ever were. That man is to be feared who holds the doctrine that because we are no longer in an actual war that the principles advocated by the Union party, and the maintainance of which carried the county safely through the war should now be deserted under the flimsey and deceptive pretext that other measures are more in consonance with their wishes, and that the county no longer need the advice and action of the patriots who preserved the Government bequeathed by the noble sires of '76:

"There never was a time, perhaps, in the political history of the country, when thorough organization was so all important as at the present moment. Infact the great object of the Union party is to organize the conflicting and discordant elements, resulting from the internecine contest from which the nation has emerged. Let Union men, therefore, combine—let them work side by side—shoulder to shoulder. A single solid column is stronger than many detached forces. That General is never successful who fights his army by dribblets instead of in grand well-organized divisions. In union, combination, and organization there is strength. The party which served, yes, *saved* the country in the dark days of the Rebellion, when the black flag of treason floated over eleven States, is fit to govern it in times of peace. The power which subdued rebels, is the power to reconstruct them. The men and party who were true to principle and loyal to country in the dark and trying times of secession, are likely to be true and loyal to principle and country in the calmer days of reconstruction.

The work of the Union party is but half done.—The contest, it is true, has been changed from the field to the forum, from the camp to the Legislative Hall. The war of bullets has, indeed given place to a war of ballots. If we believed in the policy of the party in days gone by, how can we have less faith in this somewhat brighter present?

It is the imperative duty of all truly loyal men to stand by the old organization, fighting for principles dear to a liberty-loving people, and just and true as the God in Heaven."

TEACHERS' INSTITUTE. The teachers of Placer county, with other friends of education, met in the Public School House at Auburn on Monday last, and have been in session through the week till last evening. The forenoon of each day was devoted to the examination of teachers by the County Board. The afternoons to the work of the Institute. On Tuesday evening Rev. J. E. Benton gave a familiar talk at the Court House, and on Thursday evening six members of the Institute gave a reading for the benefit of the County Teachers' Library, both were well patronized by the citizens of Auburn and others from different parts of the County who were in attendance upon the District Court. The exercises were the usual ones on such occasions and were of great interest and profit to all concerned. A goodly number of people availed themselves of the privilege of attending the daily sessions and took part in the debates, with great satisfaction to all.

THAT SHAFT.—A subscription was put in circulation some days ago to raise a fund to sink a shaft on Mr. Taeff's claim to find the blue lead. Three hundred dollars was promised by one firm, but we have heard nothing of the paper since. Who can tell us of its fate?

WE would state for the information of our people generally, that they can now send any sum of money under fifty dollars, through the Post Office at this place. Money sent in this manner is perfectly safe, and will doubtless prove a great convenience to a majority of the people.

CEMENT MILL.—The King Brothers' new mill is under full headway, with its eight stamps making each a drop a second. It is run by a handy gurdy wheel about seven feet in diameter driven by water through a one and a half inch nozzle with over a hundred and fifty feet pressure. There is no doubt of its being a complete success.

THAT MUDDLE.—The *Stars and Stripes* on the State Printer question, confesses itself in the fix of its friend between the two bundles of hay. Of Owen, Springer, Crocker, Gordon, Smith and Boust it can only exclaim

"How happy could I be with either
Were 'tother dear charmer away."

Say which it shall be, do, please. Head or tail, you are owin' a boost to somebody.

LADIES FESTIVAL.—The ladies of the Union Church will hold a Strawbery festival at the Theater on Thursday evening next, May 30th, for the benefit of the Church. Ice cream and other good things will abound. Admission free, all are cordially invited.

STAGE TO LITTLE YORK.—Harry West made his first trip on Thursday. On Monday next he will begin his regular daily trips, and oftener if the travel demands them. The price will depend upon the rates of toll which have not yet been fixed by the directors of the wagon road.

PERSONAL.—Hon. Wm. Higby, Representative from the second Congressional District, visited this place on Thursday last. Mr. Higby has ably represented the people during the past four years and deserves the endorsement of every honest patriot in the State.

FRANK PIXLEY, in a recent letter to the people of San Francisco published in the *Times* on Tuesday last, gives his adherance to the "People's Party" of that city, and says he is willing to trust his aspirations for gubernatorial honors to that organization.

A SPECIAL train taking Governor Stanford, Senator Corbett and family, of Oregon, and Hon. Wm. Higby, passed up to Cisco on Wednesday last.

HON. GEORGE BANCROFT was appointed Envoy Extraordinary and Minister Plenipotentiary to Berlin on the 18th instant.

INTERESTING CONFESSIONS.

Under this head the San Francisco *Times* of the 21st answers the spiteful raid made upon several of the Union papers of the State by the San Francisco *Bulletin* of the 20th. It comes with bad grace from Avery or Fitch, one a proprietor and the other editor of the *Bulletin*—and both having formerly enriched themselves out of the office of State Printer—to counsel any course in regard to the manner of selecting one for that position. Avery, who was once editor of the Marysville *Appeal*, patronizingly says that it was *once* a respectable paper. That's good, for a modest man. The *Times* says:

The *Bulletin* prints some interesting figures and facts concerning the division of the spoils of the office of State Printer, which are new to us and will be read with interest by those who have been on the outside of such combinations as those referred to, in which O. M. Clayes, of the *Alta*, led off four years ago. The statements of the *Bulletin* are doubtless reliable, as one of the unsuccessful candidates for the nomination which Clayes secured, is now editor of the *Bulletin* and doubtless "speaks by the card." He says:

Four years ago the combination that succeeded in capturing the State Printing lead was composed of O. M. Clayes, of the Stockton *Independent*, J. J. Ayres, of the *Morning Call*, and J. McNabb, of the Petaluma *Argus*. John McComb, a good journeyman printer of San Francisco, and J. B. Painter, of the job printing firm of which he is the leading member, subsequently purchased interests in the office and have superintended the work. Clayes and McNabb soon bought out Ayres, and subsequently McNabb sold his interest to the remaining members of the association at a price, it is reported, that enabled him to retire from business rich enough. The remaining members of the association have become men of considerable wealth, apparently largely resulting from the profits of the office. From this showing it appears that a large amount of money may be made from the State printing. We have data furnished from the inside of the "ring," showing satisfactorily that the office for a single term is worth $75,000.

This is a sorrowful state of things, and it is not surprising that it has sometimes been found necessary to raise committees of investigation to examine the accounts of those who do the work of the State printing, as was the case some years since, when two of the present proprietors of the *Bulletin* were performing the State work. The sum of $75,000 is, indeed, a demoralizer of the crowd of printers who have pursued it; and it is noteworthy that our cotemporary, like a reformed rake, who has been there and seen the wickedness of the thing, should counsel some change in the law which may remove the tempting bribe from the eyes of younger and less discreet persons, who have not, like the *Bulletin* people, cloyed the hungry edge of appetite by fat pickings at the public crib.

It is possible, however, that the evil has been magnified by our nervous cotemporary, who may consider that all flesh is as weak as its own. It says that if the present arrangement is continued permanently "we shall soon have a sweet mess of Union newspapers in this State, and a harmonious party with a vengeance." This language, if not elegant, is certainly strong; but we apprehend that our neighbor is borrowing trouble for itself, as it is not a Union newspaper, and need have no fears as to any participation in the aforesaid "sweet mess." May it be a long day before the "harmonious party with a vengeance" is afflicted with any affiliation with the *Bulletin*.

The San Francisco *Call* comes at the *Bulletin*, also, and enumerates those connected with that moral scourge as having been connected with this "plum" job of printing heretofore, and says:

"They know all about it from actual experience. Fitch & Pickering, proprietors of the *Bulletin*, once had the State printing, and their profits from the job laid the foundation for their present fortunes. One of the editors of the *Bulletin*, in addition to Fitch & Pickering, was also a State Printer, and that not long ago. He traveled East and enjoyed himself; so did Fitch and so did Pickering. Hence the *Bulletin* crowd know full well how much can be made out of the State Printing. We are surprised that these shrewd speculators, who are looking for further profits, should, in a fit of passion, expose the source of their financial prosperity. But, "Whom the gods wish to destroy, they first make mad." These men must have been mad when they exposed the tricks by which they made themselves what they now are. They must have been doubly mad when they endeavored to convey to their readers the idea, which they knew to be false, viz: that the *Call* had ever profited by the State Printing. Fitch, Pickering and Avery—all of the *Bulletin*—knew, when they published their article last night, that neither the *Call*, nor any man connected with it, ever profited a cent by the State Printing. They knew this fact as well as they knew that Fitch, Pickering, and Avery, had made—as the *Bulletin* itself says—thousands out of the State Printing job."

What Brother Smith, of the *Appeal*, will say, we don't know, but he is not the man we take him if he allows the misrepresentations of this San Francisco pirate to go uncontradicted.

It is said that the Stockton *Independent*, *Alta California*—for now both Clayes and McComb are in it—and the Petaluma *Argus* are together again in this pursuit.—*Ex.*

STATE PRINTER.—Our old friend Peter Myers of the Placerville *Courier*, is a candidate for State Printer in California. Myers is a good man; reliable in all probity, and attested his devotion to the cause of the Union by bearing arms in its defense against rebellion. We hope his soldier-brethren will properly present him in the convention, and back it up to nomination.—*Virginia Trespass.*

"At the earnest solicitation of many discharged soldiers, who are of opinion that the California Volunteers should be represented on the State Ticket, we will be a candidate for State Printer.—*Placerville Courier.*

That's right, Peter. But in your furious charge on the office of State Printer, you ought not to forget Gen. Evans.

FATAL AFFRAY.—On Tuesday, the 14th inst. at Millville, Shasta county, John Freeman and David Parks quarrelled; fought, fell and died. Parks as we learn from the *Courier*, had become partially intoxicated, and used some harsh words towards Freeman, and threatened him with bodily injury, at the same time brandishing a revolver. Freeman, and threatened him with bodily injury, at the same time brandishing revolver. Freeman left, procurred a revolver, and again met Parks, when both men drew their revolvers and fired at the same time. Freeman fell at the first fire and died a most instantly. Parks fired several shots after Freeman fell, and then staggered off a few paces and dropped dead also. A coroner's jury was called, and examination showed that Freeman had received four shots—one in the body, one in the head, and two through the left arm. Parks received only one shot, the ball having entered at the pit of the stomach and passing the body.

ORIZABA, April 21.—To General Benvell commanding the forces befor Vera Cruz—Sir: Yesterday the German Princess, wife of Maximillian's aide, presented herself at the headquartes of General Diaz, asking an interview. She proposed the following terms, viz: The disbanding of the Austro-Belgian corps; guarantee of the lives of its members; permission for their return to their own countries. She also solicited a guarantee of safety for the life of Maxamillian. With reference to the first, the General said that he was disposed to entertain such propositions as might be made to him, but as to the second, he had no authority to pardon Maximillian. Nothing of note occurring during the day. We have an occasional exchange of shots. I made a reconnoisance yesterday in front of my line which enabled me to take some very useful observation as to the most advantageous method of attacking the army as soon as our mortars arrive, should the enemy not have surrendered. We shall open the batteries on the city. Hostilities will be vigorously prosecuted.

The suit covers several million dollars. It is understood that the United States Government is amply secured and will incur no loss by the failure.

MEDICAL.

S. T.—1860.—X.

"JES' SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters: if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,
" Prostration; Great Weakness,
" Sallow Complexion, Weak Bowels, &c.,
which are evidences of
Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads
This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it or a family that does not use it.

E. THOMAS LYON, Chemist, N. Y.

LYON'S EXTRACT GINGER.

LYONS' EXTRACT OF PURE JAMAICA GINGER.—For Indigestion, Nausea Hartburn, Sick Headache, Chollera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's" Pure Extract. Take no other. See that the private U. S. stamp of Demas Barnes & Co. is over the cork of each package. None other is genuine.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails.

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly * * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist) and also has the private U. S. stamp of Demas Barnes & Co., over the top. Look closely. Sold by all Druggists at 25, 50 cents, and $1.

LYON'S FLEA POWDER.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of Fleas, ticks, bed-bugs, roaches, &c., that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of T. Lyon and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist, you will have no other.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.
As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.
It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.
It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an ingredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice, unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage, Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the System.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BOY'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business, or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebooding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

MY FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public prtronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L — H—.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa.

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
